

“Do not think that I have come to abolish the law or the prophets. I have come not to abolish but to fulfill.”
(Matthew 5:17)

Sometimes have you also been like “the Old Testament is not necessary. We are now in the New Testament. All that happened in the past does not matter!”

Well then, Jesus would be talking to you here. Because he came to fulfil that which was laid down in the Old Testament, with the prophets and the law.

In Jesus we find the fulfilment of them all: prophecies and laws. All pointed to him. In the birth, life, death and resurrection of this Son of David, we find the full revelation of what God has been telling us through the laws and the prophets.
